# *Introduction to MaestroAI*

---

Discover how MaestroAI transforms HR support through intelligent automation

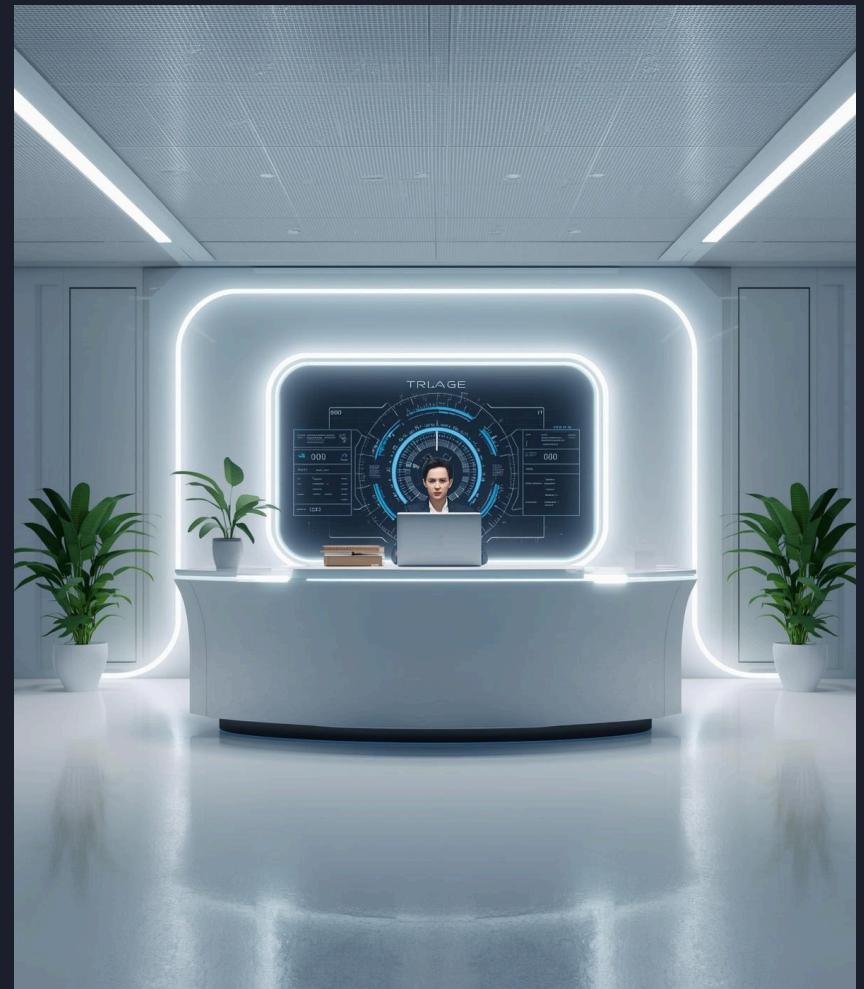

MaestroAI is an **intelligent HR Service Desk** designed to streamline routine HR inquiries. By leveraging a collaborative team of four agents, it efficiently handles requests related to time off, payroll, and benefits, ensuring a **transparent** and user-friendly experience for employees while minimizing manual workload for HR teams.

# The Four Cooperating Agents

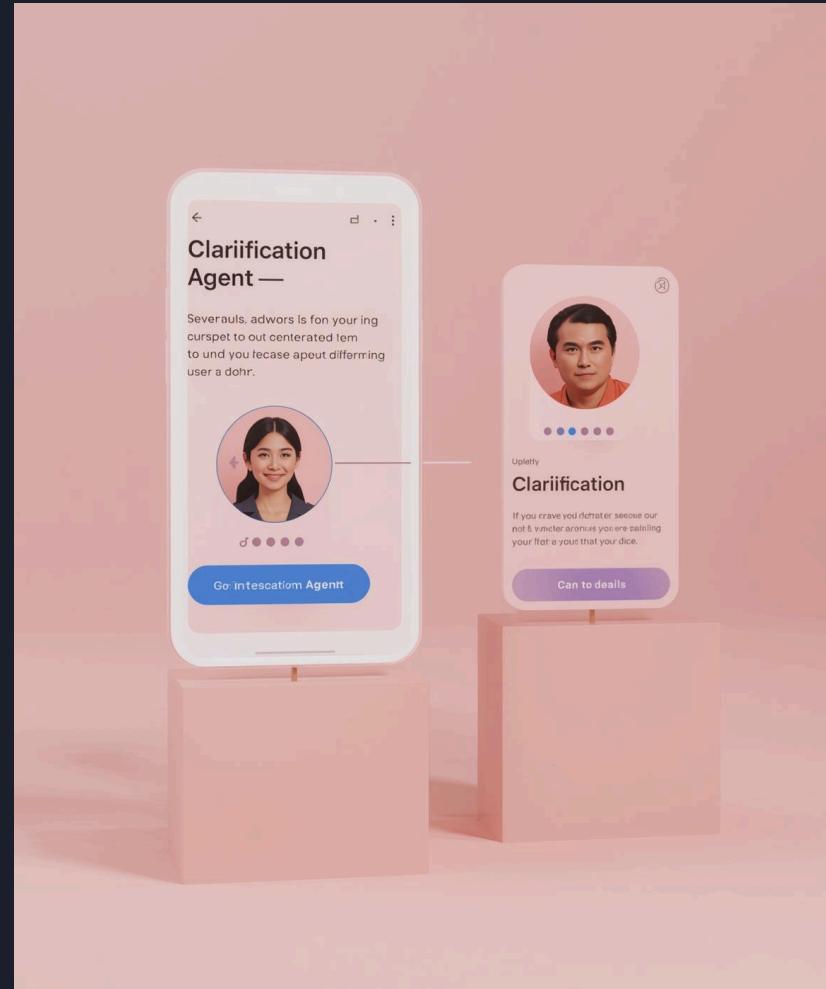

Triage Agent

**Initial request assessment and routing**

Clarification Agent

**Fills in missing details by interacting**

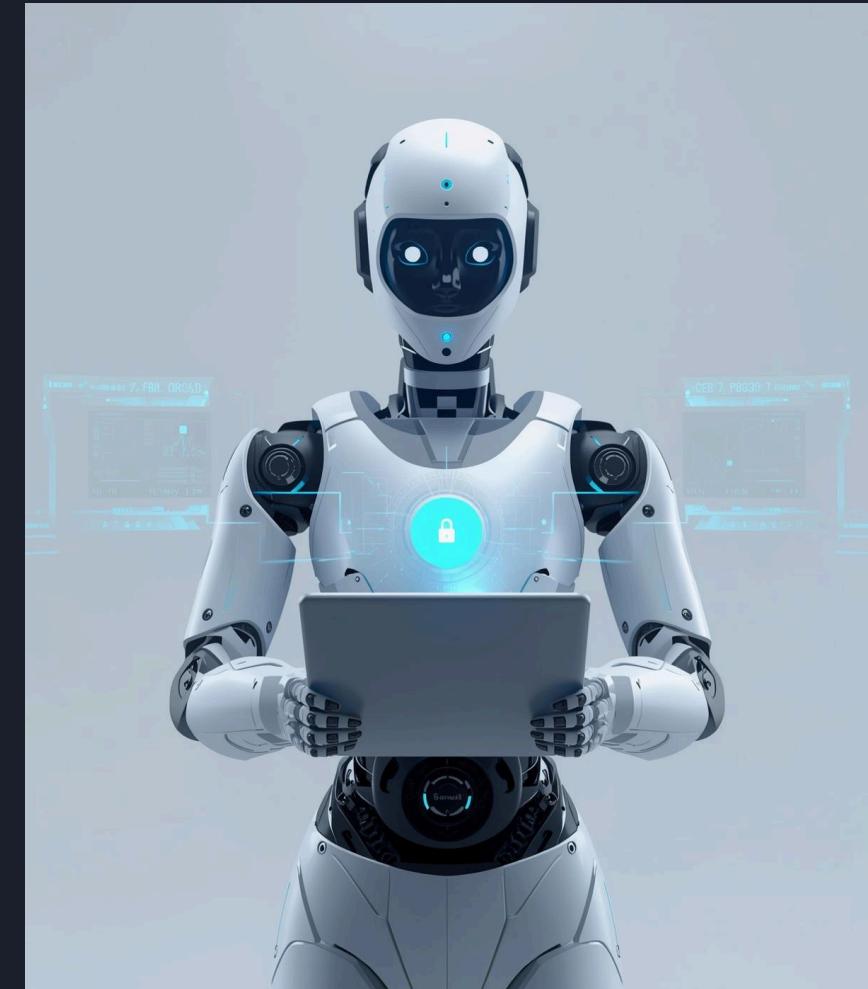

Knowledge Retrieval Agent

**Accesses relevant HR knowledge base**

Safe Automation Agent

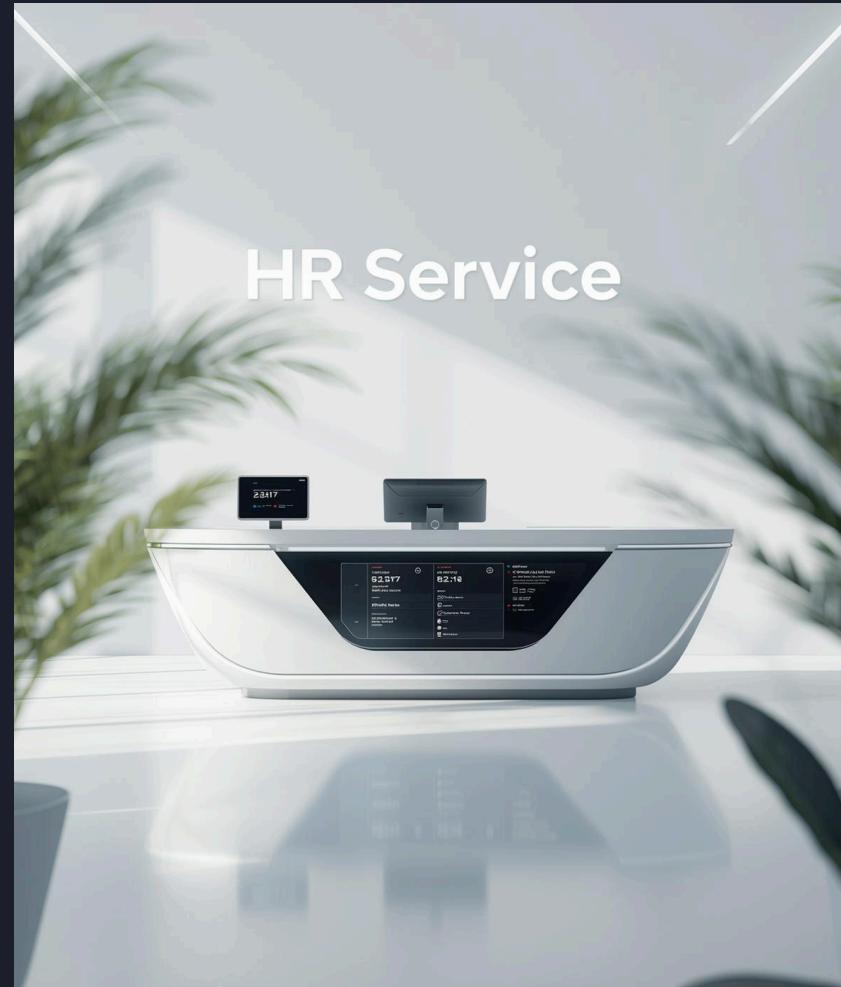

**Executes authorized HR runbooks for tasks**

# Step-by-Step Workflow
